under the Motor Fuel Tax Act

General Information

A refund application must be received by the ministry within four years from the date the tax was paid.

The ministry cannot issue a refund of less than \$10.

Who should use this form?

Use this form to apply for a refund of motor fuel tax if you purchased fuel within British Columbia for your own use in any of the circumstances listed below.

- You are a farmer and purchased coloured fuel for use in the operation of the farm and did not receive a point-of-sale exemption.
- You are a farmer and purchased clear fuel for use in a farm truck operated internationally.
- You are a Status indian or Indian band and purchased fuel at a gas station located on reserve; and/or fuel was delivered into a receptacle located on reserve land as a condition of sale and you did not receive a point-of-sale exemption.
- You are a visiting force or a member of the diplomatic or consular corps and you did not receive a point-of-sale exemption.
- The amount paid for a *Motive Fuel User Permit* for an IFTA commercial vehicle plus motor fuel tax paid for fuel used in the vehicle during the permit period exceeds the tax due on fuel used in BC during the permit period.

If you are eligible for a refund under the *Motor Fuel Tax Act* and the *Carbon Tax Act*, you must complete separate refund applications. However, if you are claiming a refund for an overpayment of both motor fuel tax and carbon tax paid on a *Motor Fuel User Permit*, use this application form to claim a refund of the overpayment of both taxes. Explanation of Document Numbers

In addition to the documents listed below, we may request other documentation, if necessary.

1) Schedule of fuel purchases

Provide a schedule listing all fuel purchased in BC during the claim period. The schedule must identify the fuel type and region where the fuel was purchased and for each transaction list the date of purchase, name and city of the fuel seller and the litres of fuel purchased. The purchases should be listed in date order.

See **Page 4** of the application form for the *Schedule of Fuel Purchases*.

2) Fuel purchase invoices/receipts

Provide copies of fuel purchase invoices, sorted in the same order as listed on the schedule of fuel purchases.

Your fuel seller must provide an invoice upon your request that specifies the date of sale, name and address of the fuel seller, your name and address, the quantity of fuel purchased and the rate of BC motor fuel tax paid. For claims made by a status Indian, an Indian band, a visiting force or a member of the diplomatic or consular corp, a refund will be provided only if the fuel invoice/receipt includes all of the above information.

A consular post can apply to an oil company for a credit card for their members that qualify for exemption. The oil company will exempt motor fuel tax from all billings on qualified accounts.

3) Property assessment notice

Provide a copy of your *Property Assessment Notice* showing that you owned or leased land classified as farm land during the claim period.

4) Farmer identity card

Provide a copy of your *Farmer Identity Card* issued by the British Columbia Agriculture Council.

5) Vehicle listing

For each vehicle that consumed fuel during the claim period for which you are claiming a refund, provide the ICBC vehicle registration number, year and make of the vehicle.

6) ICBC vehicle registration

Provide a copy of your ICBC vehicle registration that was in effect during the claim period for each vehicle identified on the vehicle listing (document 5 above) that was required to be registered. The vehicle must have had A or G plates during the claim period. For vehicles not required to be registered, provide the vehicle identification number (VIN).

7) Proof of international travel

Provide copies of documentation that establishes that international travel for a farm purpose occurred subsequent to the fuel purchase within BC. This may include customs documents, bills of lading or invoices to customers, or invoices from suppliers located outside of Canada.

8) Proof of purchase on reserve or delivery to reserve Provide proof the fuel was purchased on a reserve or was delivered into a receptacle located on reserve land. This may include a bill of lading or a signed invoice that confirms receipt of fuel at a reserve location.

Individuals must provide a copy of the front and back of their *Certificate of Indian Status* card issued by Indian and Northern Affairs Canada.

Bands must provide a statement, signed by an authorized band member on band letterhead with band number, confirming that the fuel claimed was either purchased on reserve or was delivered into a receptacle on reserve land by the fuel seller.

9) Official orders and statement of use

For claims by an individual who is a member of a visiting force, provide a copy of the official orders and a statement certifying what the fuel was used for.

Written statement

For claims by a visiting force, on letterhead of the visiting force, provide a written statement outlining what the fuel was used for.

Foreign Affairs Canada identity card

For claims by a member of the diplomatic and consular corp, provide a copy of the front and back of the diplomatic and consular identity card issued by Department of Foreign Affairs and International Trade Canada.

10) Motive Fuel User Permit (MFUP) and distance documents

Provide copies of all applicable MFUPs and documents to support the distance travelled in BC during the permit period, such as a driver's log book or bills of lading showing the delivery destination.

11) Written statement

Provide a written statement outlining the events relating to your refund claim and reasons why you believe you are entitled to a refund. Include all applicable supporting documentation.

INSTRUCTIONS:

- Use this schedule to list your fuel purchase transactions.
- Refer to Motor Fuel Tax Rates Table for details on tax rates and transit regions within BC. If fuel is purchased in more than one region, and/or more than one fuel type is purchased, prepare a separate schedule of fuel purchases for each region and fuel type and prepare a summary worksheet showing how you calculated your refund. If you purchased fuel during a period of a tax rate change, you must complete a separate schedule for fuel purchased for the period prior to, and the period on and after, the tax rate change.
- List all fuel purchase transactions in date order.
- Refer to the ministry website for the Schedule of Fuel Purchases template in Excel format.
- If you create your own fuel purchase schedule, the schedule must include the same detailed information.
