Overview

You may claim a refund of PST if you paid the PST in error or overpaid PST. In some cases, you may be eligible for a refund if you paid PST at the time of sale or lease and meet certain conditions.

If you are a collector (a seller or lessor registered to collect PST), you may refund or credit your customers PST you charged or collected from them as outlined below.

This bulletin contains two main sections. The first section is a list of PST refunds available from collectors. The second section is a list of refunds available from the ministry.

Refunds from Collectors

As a collector, you may refund or credit your customers PST you charged or collected from them in the circumstances outlined below.

If you have remitted PST on a sale or lease of taxable goods or services and then refund or credit some or all of that PST to your customer as outlined below and are registered for PST, you may claim a refund of the PST you remitted by making an adjustment on your PST return (i.e. deducting the amount of your refund from the amount of tax owing). You must make the adjustment in the reporting period in which you provided the refund or credit. If you do not make an adjustment on your return, you may apply directly to the ministry for a refund.

For information on making adjustments on your PST return, please see our online guide for [Completing the Provincial Sales Tax Return](#).

Customer Does Not Provide Required Information or Documentation at the Time of Sale or Lease

If your customer has paid PST and would not have been required to pay PST if they had provided the required information or documentation to claim an exemption at the time of the sale or lease, you may refund or credit your customer the PST paid if they provide the required information or documentation within 180 days of the date the PST was paid.

For example, you charged PST when you sold a farm tractor to a qualifying farmer because they did not provide a BC Farmer Identity Card or a completed *Certificate of Exemption – Farmer* form ([FIN 458](#)) at the time of sale. You may refund or credit your customer the PST paid if they later provide the identity card or a completed certificate within 180 days of the date the PST was paid.

After the 180 days, you cannot refund your customer the PST (if you do, you are not eligible to make an adjustment on your PST return for this amount and you are not eligible for a refund from the ministry). However, your customer may claim a refund from the ministry (see the section below, Refunds from the Ministry).

For more information on the information and documentation required in order to provide an exemption at the time of the sale or lease, please see [Bulletin PST 200, PST Exemptions and Documentation Requirements](#).

Customer Was Not Required to Pay PST

If your customer has paid PST on the purchase of goods, software or taxable services, or on the lease of goods, and they were not required to pay it, you may refund or credit your customer the PST paid within 180 days of the date the PST was paid.

For example, your customer paid PST on exempt goods that did not require any information or documentation to claim the exemption (e.g. a non-motorized bicycle).

After the 180 days, you cannot refund your customer the PST (if you do, you are not eligible to make an adjustment on your PST return for this amount and you are not eligible for a refund from the ministry). However, your customer may claim a refund from the ministry (see the section below, Refunds from the Ministry).

Refund or Credit of Purchase Price or Lease Price

If you provide a full or partial refund or credit of the purchase or lease price to your customer for taxable goods, software or taxable services within four years of the purchase or lease, you may also refund or credit the applicable amount of PST (other than for the purchase of a vehicle, see the section below, Motor Vehicles Returned Within One Year of Purchase). For example, if you refund or credit 50% of the purchase price of taxable goods to your customer, you may also refund or credit 50% of the PST to your customer.

This includes where you provide a full or partial refund or credit of the purchase price because:

- the goods have been returned
- the sale has been cancelled
- you provided a price reduction
- you provide your customers with a discount for early payment (e.g. 2/10, net 30 terms), reaching certain purchase volumes or similar arrangements

For example:

Purchase price at the time of sale	\$10,000
PST charged at time of sale (7% of \$10,000)	\$ 700
2% discount provided for early payment (2% of \$10,000)	\$ 200
Applicable amount of PST to refund (7% of \$200)	\$ 14

In order for you to be eligible for a refund or adjustment on your PST return of the PST you refund or credit to your customer, you must provide the refund or credit of PST to your customer at the same time that you provide the full or partial refund or credit of the purchase or lease price.

Motor Vehicles Returned Within One Year of Purchase

When a customer returns a motor vehicle to you (a collector) within one year of the purchase and you provide a full or partial refund or credit of the purchase price, you **must** also refund or credit the applicable amount of PST.

For example:

Purchase price at time of sale	\$40,000
PST charged at time of sale (7% of \$40,000)	\$ 2,800
90% refund provided on the return of the vehicle (90% of \$40,000)	\$36,000
Applicable amount of PST to refund (7% of \$36,000)	\$ 2,520

In order for you to be eligible for a refund of the PST you refund or credit to your customer, you **must** provide the refund or credit of the PST to your customer at the same time that you provide the full or partial refund or credit of the purchase price.

Refunds from the Ministry

In certain circumstances you may request a refund or credit of the PST paid to a collector (i.e. seller or lessor registered to collect PST) directly from that collector. For more information, see the section above, Refunds from Collectors.

If the collector refuses to provide a refund or credit of the PST you paid to them or the time limit for the collector to provide a refund or credit has passed, you may apply for a refund from the ministry in the circumstances outlined below.

Please note: If you have received a refund or credit from a collector, you cannot also claim a refund from the ministry for the same payment of PST.

If you have received a refund from the ministry and you later receive a refund or credit from a collector for the same payment of PST, you must repay to the ministry the amount refunded by the ministry.

Time Limit and Minimum Amount for Claiming a Refund

Unless otherwise noted below, your refund claim must be received by the ministry within four years of the date that you paid or remitted the PST. For example, if you paid PST on August 12, 2013, the ministry must receive your refund claim by August 11, 2017.

The ministry cannot issue a refund of less than \$10.

Application Forms

PST refund application forms are available on our [Forms](#) webpage and at any [Service BC Centre](#).

Each refund application form provides instructions on how to complete the form and the specific supporting documentation you must submit with the application (e.g. copies of sales invoices, copies of resale invoices, bills of lading, a completed exemption certificate, and proof tax was paid). The ministry may return incomplete refund applications to you without processing the refund claim.

Please note: If it is later determined that the basis for the refund was inaccurate or incomplete and you received a refund in excess of the amount due, you may be assessed for the excess amount plus interest.

General Refunds

General refunds that apply to all goods, software and taxable services are listed below.

To apply for a general refund from the ministry, complete an *Application for Refund – General* form ([FIN 355](#)) and provide the supporting documentation listed in the instructions to the form.

You Were Not Required to Pay

If you paid PST and were not required to pay it, you are eligible for a refund of the PST paid. If within 180 days of the date you paid the PST, you may request a refund or credit directly from the collector. Alternatively, you may apply to the ministry for a refund.

Examples of circumstances in which you were not required to pay PST include:

- PST paid in error on exempt goods, software or services that did not require any information or documentation to claim the exemption
- PST overpaid because of an error in calculating the PST payable
- PST paid on cancelled sales

You Did Not Provide the Required Information or Documentation at the Time of Sale or Lease

If you paid PST and would not have been required to pay PST if you had provided the required information or documentation to claim an exemption at the time of the sale or lease, you may be eligible for a refund of the PST paid. If within 180 days of the date you paid the PST, you may request a refund or credit directly from the collector. Alternatively, you may apply to the ministry for a refund.

Required information or documentation may include your PST number, a completed exemption certificate, *Certificate of Indian Status* card, Diplomatic Identity Card or a BC Farmer Identity Card.

For example, if you are eligible for the production machinery and equipment exemption and do not provide a completed *Certificate of Exemption – Production Machinery and Equipment* form ([FIN 492](#)) when you purchase or lease equipment that qualifies for the production machinery and equipment exemption, you must pay PST. You may be eligible for a refund of the PST paid.

The applicable refund form depends on what exemption you were eligible to claim. For more information on refunds for certain businesses and persons, including which refund form must be used, see the section below, Refunds for Certain Businesses and Persons.

For more information on the information and documentation required in order to claim an exemption at the time of the sale or lease, please see [Bulletin PST 200, PST Exemptions and Documentation Requirements](#).

You Receive a Refund or Credit of the Purchase Price or Lease Price

If you have received a full or partial refund or credit of the purchase or lease price of taxable goods (other than a purchased vehicle – see the section below, Motor Vehicles), software or taxable services, you may request a refund or credit of the applicable amount of PST directly from the collector at the time you receive the refund or credit of the purchase or lease price if that refund or credit is provided within 180 days of the date you paid the PST.

If the collector does not provide you with a refund or credit of the applicable amount of PST, or if the refund or credit of the purchase or lease price has been provided more than 180 days after the purchase or lease, you may apply for a refund from the ministry.

For example, if you receive from the collector a refund or credit of 50% of the purchase price of a good, and do not receive a refund or credit of 50% of the PST, you may apply to the ministry for the partial refund of the PST.

Motor Vehicles

In addition to the general refunds applicable to all goods, software and taxable services, the following refunds from the ministry are specific to motor vehicles (other than multijurisdictional vehicles – see the section below, Multijurisdictional Vehicles).

To apply for a refund of PST paid on a motor vehicle, complete an *Application for Refund of Provincial Sales Tax (PST) Paid on a Motor Vehicle* form ([FIN 355/MV](#)) and provide the supporting documentation listed in the instructions to the form.

Vehicles Returned to Non-Collectors

You are eligible for a partial or full refund of PST paid on a vehicle you purchased from a seller who is not a collector (i.e. seller is not registered to collect PST) if:

- within 30 days after the date you purchased the vehicle in BC, or the date you took possession of the vehicle (whichever is later), you returned the vehicle to the seller, and
- in return for the vehicle, the seller refunded to you all or a portion of the purchase price.

The amount of the refund is equal to the amount of PST attributable to the amount of the refund or credit of the purchase price refunded to you by the seller. For example, if you receive 50% of the purchase price back, you are eligible for a refund of 50% of the PST you paid.

Motor Vehicles Resold Within Seven Days

You are eligible for a refund of PST paid on a motor vehicle you purchased in BC if you resold the vehicle within seven days after the date you purchased the vehicle or the date you took possession of the vehicle (whichever is later).

Motor Vehicles Removed from BC

If you reside, ordinarily reside or carry on business in BC, you are eligible for a refund of PST paid on a motor vehicle you purchased in BC if:

- within 30 days after the date you purchased the vehicle or the date you took possession of the vehicle (whichever is later), the vehicle was removed from BC for use solely outside BC,
- you established residency in the other jurisdiction, and
- you paid sales tax or the provincial portion of the harmonized sales tax (HST) in the other jurisdiction and you are not entitled to a refund, credit or rebate of that tax, including input tax credits. **Note:** For the purposes of this refund, the 5% GST is not a sales tax.

If you do not reside, ordinarily reside or carry on business in BC, you are eligible for a refund of PST paid on a motor vehicle you purchased in BC if, within 30 days after the date you purchased the vehicle or the date you took possession of the vehicle (whichever is later), the vehicle was transported outside BC for use primarily outside the province.

If you do not reside, ordinarily reside or carry on business in BC, you will also be eligible for a refund of PST paid on a motor vehicle you purchased in BC if:

- within 180 days after the date you purchased the vehicle or the date you took possession of the vehicle (whichever is later), the vehicle is transported outside BC for use primarily outside the province, and
- you paid sales tax or the provincial portion of the HST in the other jurisdiction and you are not entitled to a refund, credit or rebate of that tax, including input tax credits. **Note:** For the purposes of this refund, the 5% GST is not a sales tax.

Required Information or Documentation is Not Provided at the Time of Vehicle Registration

If you paid PST on a vehicle to the Insurance Corporation of British Columbia (ICBC) and would not have been required to pay PST if you had provided the required information or documentation to claim an exemption at the time you registered the vehicle, you may apply to the ministry for a refund of the PST paid. You **cannot** request that ICBC refund the PST.

For example, if a vehicle is transferred to you from your spouse, or your former spouse, because of the dissolution of marriage or marriage-like relationship, you are exempt from paying PST on the vehicle if the vehicle is transferred to you under a written separation agreement, a marriage agreement, a court order, or an agreement under Part 5 or 6 of the *Family Law Act*. However, if you did not provide a copy of the relevant agreement or court order at the time of registering the vehicle, you must pay the PST to ICBC and apply for a refund from the ministry.

Motor Vehicles Returned to a Manufacturer

If, as a result of an independent, impartial, third-party dispute resolution process, you returned a motor vehicle to the manufacturer more than one year after the date of purchase, you may apply for a refund from the ministry of the amount of PST attributable to the amount of the refund or credit of the purchase price provided by the manufacturer.

Multijurisdictional Vehicles

A multijurisdictional vehicle (MJV) is a vehicle licensed under the International Registration Plan.

In certain circumstances, ICBC or the ministry will provide a refund or credit of all or a portion of the MJV tax or exit tax payable on a vehicle.

To apply for a refund from the ministry, complete an *Application for Refund of Provincial Sales Tax (PST) – Multijurisdictional Vehicles* form ([FIN 355/MJV](#)) and provide the supporting documentation listed in the instructions to the form.

For more information on MJV credits and refunds, please see [Bulletin PST 135, Multijurisdictional Vehicles](#).

Boats and Aircraft Returned to Non-Collectors

You are eligible for a partial or full refund from the ministry of PST paid on a boat or aircraft you purchased from a seller who is not a collector (i.e. seller is not registered to collect PST) if:

- within 30 days after the date you purchased the boat or aircraft in BC or the date you took possession of the boat or aircraft (whichever is later), you returned the boat or aircraft to the seller, and
- in return for the boat or aircraft, the seller refunded to you all or a portion of the purchase price.

The amount of the refund is equal to the amount of PST attributable to the amount of the refund or credit of the purchase price refunded to you by the seller. For example, if you receive 50% of the purchase price back, you are eligible for a refund of 50% of the PST you paid.

To apply for a refund, complete an *Application for Refund – General* form ([FIN 355](#)) and provide the supporting documentation listed in the instructions to the form.

For more information on boats or aircraft, please see [Bulletin PST 108](#), *Boats* or [Bulletin PST 134](#), *Aircraft*.

Sales or Leases Written Off as Bad Debts

If you extend credit to a customer, you may be required to remit PST due on a sale or lease before you collect the PST from your customer. If the account of your customer later becomes uncollectible and is written off as a bad debt, you may be eligible for a refund of the amount of PST that you remitted to the ministry but did not collect from your customer.

If you are a PST registrant, you may claim a bad debt refund by making an adjustment on your PST return. If you are not a PST registrant, to apply for a refund, complete an *Application for Refund – General* form ([FIN 355](#)) and provide the supporting documentation listed in the instructions to the form.

For more information on how to calculate and claim refunds of PST remitted on sales or leases written off as bad debts, please see [Bulletin CTB 001](#), *Bad Debts*.

Conveyances

Conveyances include aircraft, railway rolling stock and vessels used in the interprovincial or international carriage of passengers or goods. Vehicles are not conveyances.

Generally, conveyances are subject to a prorated amount of PST based on the portion of the use of the conveyance in BC. PST is initially due on the purchase price or lease price of the conveyance based on the estimated ratio of BC usage to total usage for a certain timeframe, multiplied by the PST rate of 7%. Generally, at the end of the timeframe, the actual ratio of BC usage to total usage must be calculated. If the actual ratio of BC usage is more than estimated, the person must self-assess the additional PST. If the actual ratio of BC usage is less than estimated, the person may be eligible for a partial refund.

Also, if a person has paid full PST in error on a conveyance (i.e. the person paid 7% PST on the purchase price of the conveyance, but should have paid a prorated amount of PST as described above), the person may be eligible for a refund of the difference.
