Know Your Responsibilities

Individuals and businesses that purchase taxable goods in another province or country for use or consumption in Prince Edward Island (PEI) are responsible to self-declare and pay PST on these goods.

Taxable goods are goods that you would have paid PST on if they had been purchased from a vendor in PEI.

The Legislation

Section 4 of the PEI Revenue Tax Act provides the legislative authority for charging PST on taxable goods consumed in the province. In most cases, consumers are required to pay a tax at the rate of 10% of the purchase price (in Canadian currency), including GST, duties and any shipping or delivery charges.

Subsection 1(c) of the Revenue Tax Act defines “consumption” to include bringing goods into, causing goods to be brought into, or taking delivery of goods within the province.

Subsections 9(3) and 9(4) of the Revenue Tax Act requires that every person who brings or causes to be brought into the province, or receives delivery in the province, of goods for consumption will immediately report the out-of-province purchase to the Provincial Tax Commissioner, produce the invoice for such goods, and pay the PEI revenue tax (PST) payable on the goods.

Method of Purchase

If you or your business purchases taxable goods in another province or country for consumption or use in PEI, you are responsible for the payment of PST on those purchases. These responsibilities are the same regardless of the method of purchase – in person, through the internet, by mail order, etc.

Tax Paid in another Jurisdiction

Even if HST or another jurisdiction’s sales tax has been paid at the time of purchase, PST must be paid when the goods are brought into PEI. In most cases, the PST payable is 10% of the purchase price in Canadian currency including GST, duties, and any shipping or delivery charges.

If taxable goods are purchased in a harmonized province and these goods are brought into PEI for consumption or use, a refund of the provincial component of HST may be available.

In order to be eligible for a refund, a claim must be filed with the Canada Revenue Agency within one year of the day the goods were removed from the harmonized province. In addition, proof must be provided that the applicable PEI PST has been paid.

Fees Collected by the Canadian Border Services Agency

It is important to note that fees collected by the Canada Border Services Agency at border crossings or customs entry points **do not** include PEI’s PST.
