Managing the complexities of unclaimed property compliance is a difficult task that can create exposure for your organization if not done correctly. Each jurisdiction promulgates its own dormancy periods, due diligence requirements, aggregate thresholds, and reporting formats. It can be tedious and time-consuming to comply with these tracking and reporting obligations. Moreover, state audits to measure compliance often go back years and result in significant assessments.

Tracker PRO provides a turn-key solution for managing the complexities of unclaimed property compliance, data security, and reporting. It's a one-stop shop for all your unclaimed property needs. Our industry-leading software is used by more than 4,000 property holders—more than any other competing system in the industry today. Developed by experienced practitioners, this software helps you stay current with updated regulations and state reporting format changes as they occur.

Tracker PRO automates unclaimed property compliance with unparalleled functionality—creating efficiencies that save your organization time and money. Contact us to learn how you can start leveraging this valuable tool for all your unclaimed property compliance needs.
